### SUMMARY

I am a Front-End React Developer with strong problem-solving skills and a passion for continuous learning. I excel in communication, teamwork, and time management, delivering high-quality, responsive web applications that add value to businesses.

### PROFESSIONAL EXPERIENCE

#### Front-End Developer (Freelancer)

2024 – present

- Developed and maintained responsive web applications.
- Collaborated with clients to deliver tailored solutions.
- Completed projects on time, ensuring optimal performance and user experience.

### SKILLS

- |            |                |              |             |
|------------|----------------|--------------|-------------|
| • HTML 5   | • CSS 3        | • JavaScript | • Bootstrap |
| • Tailwind | • Sass         | • jQuery     | • React     |
| • Next.js  | • Git & GitHub |              |             |

### PROJECTS

#### Hussam Portfolio

A personal portfolio built with React, Vite, and TailwindCSS. It showcases my work and skills, featuring smooth animations with GSAP and other modern technologies.

- Live Demo: [www.h-salah.com](http://www.h-salah.com) 🔗

#### Freshcart E-commerce

A web app for online shopping using React.js and Redux Toolkit. Features authentication, product browsing, cart, and checkout. Uses Axios, Formik/Yup, React Slick, React Hot Toast, and React Helmet. Responsive UI with Bootstrap.

- Source Code: <https://github.com/HussamSalah399/freshcart-ecommerce> 🔗
- Live Demo: <https://hussamsalah399.github.io/freshcart-ecommerce> 🔗

#### Smaily

A fully responsive bilingual website built with Next.js, React, and Tailwind CSS. Features lazy-loaded images for better performance, smooth Arabic-English language switching, and a contact form that sends data directly to Google Sheets.

- Source Code: <https://github.com/HussamSalah399/Smaily> 🔗
- Live Demo: <https://smaily.vercel.app> 🔗

#### Elite Builders

A modern commercial construction website built with HTML, CSS, and JavaScript, designed to showcase Elite Builders Inc.'s services, projects, and expertise in the construction industry.
